SUMMARY

Computer Science undergraduate pursuing a B.Tech in Computer Science Engineering at Silicon University and a BS in Data Science and Applications at IIT Madras. Experienced in Python, FastAPI, REST API development, backend engineering, PostgreSQL, SQL, and full-stack web development. Strong foundation in Data Structures, Object-Oriented Programming, Database Management Systems and Operating Systems. Seeking Software Engineering Internship opportunities.

EXPERIENCE

Syllogistek Systems Private Ltd.

Jun 2025 – Jul 2025

Python Application Development Summer Intern — [GitHub](#)

Jamshedpur, India

- Implemented **2 backend features** using **FastAPI** and **SQLAlchemy**, including an admin-only announcement retrieval API and a secure password validation module.
- Engineered password validation by enforcing **5 security rules** (minimum length, uppercase, lowercase, numeric, and special characters) during user registration.
- Integrated backend validation with **SQLite** to prevent duplicate usernames and email registrations while returning structured API error responses and exception handling.
- Collaborated with a **5-member development team** using **Git**, **GitHub**, and Agile practices to test REST APIs, debug backend services, and maintain code quality.

PROJECTS

Portfolio Website | *HTML, CSS, Python, Render* | [Live](#) — [GitHub](#)

2026

- Designed and deployed a responsive portfolio website showcasing **3+ software projects**, certifications, and technical skills.
- Optimized navigation and responsive layouts to improve accessibility across desktop and mobile devices.

Student Management System | *Python, FastAPI, PostgreSQL, HTML, CSS* | [Live](#) — [GitHub](#)

2026

- Engineered a full-stack student management system supporting authentication, CRUD operations, and RESTful APIs.
- Designed backend services using FastAPI and PostgreSQL, then deployed the application on Render for public access.

ExamHub – Online Examination System | *Java, JavaScript, JSP, PostgreSQL, HTML, CSS, Google Gemini API* | [Live](#) — [GitHub](#)

2026

- Built an online examination platform featuring secure authentication, automated evaluation, and result management.
- Architected a PostgreSQL schema supporting **users, questions, examinations, and results**.

EDUCATION

Silicon University (Formerly Silicon Institute of Technology)

Sep 2024 – May 2028

Bachelor of Technology in Computer Science Engineering — **CGPA: 8.29**

Bhubaneswar, Odisha

Indian Institute of Technology Madras

Sep 2024 – Present

Bachelor of Science in Data Science and Applications — **CGPA: 6.43**

Online

Valley View School

Apr 2009 – Mar 2024

Class XII: 64.8% — Class X: 82%

Jamshedpur, Jharkhand

TECHNICAL SKILLS

Languages: Python, Java, SQL, HTML, CSS, JavaScript

Frameworks: FastAPI, JSP, REST APIs, FastAPI

Databases: PostgreSQL

Developer Tools: Git, GitHub, Postman, VS Code, Eclipse

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems

ACHIEVEMENTS

- **CodeVerse 2025 Hackathon Participant** – Participated in the university-level CodeVerse Hackathon organized during **NIRMAN 5.0** by the Silicon Innovation and Promotion Cell (SIPC), Silicon University going up to the 3rd/final round.

CERTIFICATIONS

- Electronic Arts – Software Engineering Job Simulation
- Deloitte Australia – Data Analytics Job Simulation
- Python Programming and Application
